

APP_Inputs_Tasks

APP_Touch_Tasks

App_EventBus_Publish

```
graph LR; A[APP_Inputs_Tasks] --> C[App_EventBus_Publish]; B[APP_Touch_Tasks] --> C;
```

The diagram illustrates a data flow where two separate task components, APP_Inputs_Tasks and APP_Touch_Tasks, both feed into a single App_EventBus_Publish component. The input tasks are represented by white rectangular boxes, while the event bus publish component is a gray rectangular box. Blue arrows indicate the direction of the flow from the input tasks to the event bus.
